

Eric Gales

President, Microsoft Canada Co.

As President of Microsoft Canada, Eric Gales is responsible for all elements of Microsoft Canada's business and for deepening the company's commitment to this country through its Citizenship efforts.

Eric has more than two decades of experience in the IT industry and an outstanding track record of success in Microsoft's Small Business Solutions and Partners group. He joined Microsoft Canada three years ago as Vice-President, Small Business and Midmarket Solutions & Partners. He has been instrumental in helping businesses understand the depth and breadth of software solutions available to them and works closely with Microsoft's vast partner community, identifying ways to help businesses exceed their business goals.

Previously, Eric held positions in various business areas at Microsoft UK, most recently leading the UK Partner Group. During that time he was closely involved in developing the highly successful Microsoft Partner Program.
