WHILE YOU ARE HERE

Assessment and Grading: Courses are assessed by coursework and examination. A grade of 40% for each component of the course is required to pass.

It is possible to take an official alternative examination assessment to be completed during term time rather than returning to the university for the main exam period – this can be registered in the first week. Your last day of term would then be the last day of the teaching period.

Healthcare: Students joining Cass full time for more than six months are eligible to receive free NHS hospital treatment in England.

If you are with us for less than 6 months you will need to organise private health insurance to cover the length of your studies in London.

We have a nurse led [Health Centre](#) on campus that can help with general health queries:
