On behalf of the C.D. Howe Institute, I would like to invite you to join us for our rescheduled Investments Canada Act discussion with Lawson Hunter, Paul Boothe and Peter Tague, moderated by Dallas Howe. This event, which was originally scheduled for Monday, June 24 was postponed due to the extreme flooding in Alberta.

The Institute is happy to announce that we have confirmed the event for Tuesday, September 17, from 12:00 pm - 1:30 pm at the Ranchmen's Club in Calgary. Please see below for full event details.

We would like to send our well wishes to everyone in Calgary. We are pleased to inform you that a portion of the ticket sales for this event will be donated to the Red Cross to assist with flood relief efforts in Alberta. Unsurprisingly, the entire province has come together to deal with this disaster and we are proud to stand shoulder to shoulder with such a strong and resilient community.

As a charity ourselves, we recognize the importance of donating in a time of need. Alberta's well being is essential to all of Canada, and we are focused on supporting the province through our research, events, and other avenues.

We hope you will join us in supporting a great cause and a rich discussion.

Sincerely,

Duncan Munn

After a successful dialogue in Toronto, the C.D. Howe Institute is pleased to welcome its Calgary members to discuss the future of the ICA. The Investment Canada Act lays out the rules, guidelines and criteria that the federal government applies in reviewing cross-border M&As. Recent transactions and revisions have improved the Act's clarity, yet businesses and investors face uncertainty over which proposed transactions are likely to succeed, raising the prospect of an investment chill. What is the state of play of the ICA? And what's next?
