Nominations are made through an online portal (link will be provided) requiring information to be uploaded for each student.</p> <p>Spring- late nominations by September 1, 2017</p> <p>It's best to have the majority of students nominated during the Spring to ensure they have the best selection of courses available. Late nominations may mean fewer desirable courses available to choose from.</p>
Application Process & Deadline	<p>Fall, Full Year & Spring Student Application deadline – June 23, 2017</p> <p>Spring – Late Nominations By October 1, 2017</p>

<p>Course Selection (HBA2 level)</p>	<p>Fall, Full Year & Spring Mid-July</p> <p>A special session of course selection will be open to our Incoming Exchange students with a select number of seats held for them in each class (except courses that are not permitted to be taken by exchange students). We use a bidding system to select courses. Exchange students will receive 100 bid points.</p> <p>Spring – late nomination End of October</p> <p>This will be a final opportunity for incoming exchange students to select courses. This selection period will be open to all Ivey HBA2 students so options may become limited.</p>
<p>English Proficiency</p>	<p>Students who are not native speakers of English must have English language proficiency equivalent to 250/100 TOEFL score.</p> <p>Students are required to have this level of competency. Exchange students should be very comfortable communicating in English with speakers from many cultural backgrounds who may have a strong native accent. <u>Quick comprehension and response in English is required to be successful in Ivey courses as this is a Case-Based learning environment.</u> In some courses, up to 50% of the final mark is for in-class verbal contribution. Mandatory attendance is required for all courses.</p>

Academic Information	
<p>Academic Dates</p>	<p>Full Academic Year for HBA2 – September 11, 2017 – April 6, 2018</p> <p>Fall semester classes - September 11, 2017 – December 5, 2017 Spring semester classes – January 8, 2018 – March 29, 2018</p> <p>Fall Exam period – December 6-12, 2017 Spring Exam period – April 2-6, 2018</p>

<p>Course & Study Level Information</p>	<p>Courses available to incoming exchange students are 4000 level courses, most at 0.5 Ivey credits. This is alongside our local Ivey students who are in their 4th or 5th (and final) year of university. They are considered to be HBA2 level students.</p> <p>Exchange students can only take courses offered by Ivey (not permitted to take courses in other departments at Western.) The students that are most successful in the Ivey HBA program are in their final year of an Undergraduate program or in their early years of a Master’s level program at their home university.</p> <p>Exchange students must have the prerequisites for all courses taken. Registration in courses for which you do not have prerequisites will result in a failing grade. Withdrawals are not permitted after the add/drop period(s).</p> <p>The course catalogue for the 2017/18 year will be available on our Ivey eZone community in July 2017.</p> <p>Courses <u>not</u> permitted: Corporations & Society (C&S) (4539, 4557, 4588, 4608) Global Macroeconomics for Managers (GMM) (4505) Ivey Field Project (IFP) (4569)</p> <p>These courses are held for our local HBA Students as they are required courses to graduate.</p>
<p>Course Load Requirement</p>	<p>Exchange students are required to take a minimum of 2.0 Ivey credits while at Ivey, regardless of whether credit may be required or recognized at their home university.</p> <p>Exchange students may take a maximum of 2.5 credits.</p> <p>Note: The regular course load for Ivey students is 2.5 credits/semester.</p>
<p>Course Registration Process</p>	<p>In late July, all nominated exchange students will participate in the course pre-registration process. This process will be a bidding process (not first come, first serve) and all visiting exchange students will receive 100 bid points towards the semester they are here (200 points if here for the full year). The students will allocate their bid points towards courses they wish to take, or those they may be required to take for their home university. The results of the course pre-registration will be available by mid-August.</p> <p>There will be additional add/drop periods early in September, late in October & early in January in which changes to courses can be made.</p> <p>Class sizes are mainly at a maximum of 70, but in some cases depending on room size and topic of course, this may vary. Please note that there may not be enough room in a course that you bid on and you will become waitlisted. It is recommended that students put more bid points towards courses that are required for their home school or courses they are extremely interested in taking.</p>

<p>Class Attendance</p>	<p>Students are expected to attend all classes unless there are extenuating circumstances (i.e. severe illness). Students are required to inform their professor prior to class if they are going to be absent and in some cases, will be required to provide supporting documentation (i.e. medical note). Students will not be excused from class for travel reasons. The following (or similar) is indicated on all Ivey course outlines and is the policy regarding class attendance:</p> <p><i>“If you miss more than 25% of the course, you cannot have fully mastered the material, and thus will be barred from writing the final exam. This makes it extremely likely that you will receive a failing grade in the course.”</i></p>																				
<p>Learning Expectations</p>	<p>Class Format Case method of study. Each class is a discussion of a case scenario; 20-30 pages about a real company. The class discusses the situation. The professor guides the discussion and draws the class to the required conclusion. This is <u>not a lecture style teaching</u> system.</p> <p>Attendance It is recommended that you arrive prior to the start of semester to acclimatize to the city and the Ivey environment. A mandatory orientation session will take place prior to the first week of classes that all students must attend. Class attendance is mandatory for every class.</p> <p>Contribution Verbal contribution in each course is weighted as high as 50% of the final grade. Exchange students have a significantly different and extremely valuable set of life experiences and should <u>be prepared to actively contribute in every class</u>. Students must prepare the case(s) before each class.</p> <p>General Management Approach Ivey uses a strong case-method approach to learning. Theory is learned at the same time as skills are developed. Managers require skills to analyze their needs and situations, decision-making skills at many levels every day. The Ivey case-method develops the student’s skills in every functional area.</p>
