

## **Biographic Summary**

### **RANDALL HUFFMAN**

\* \* \*

Dr. Randall Huffman is Senior Vice President, Operations and Chief Food Safety Officer at Maple Leaf Foods. Dr. Huffman is responsible for leading Maple Leaf Foods Inc.'s prepared meats manufacturing, engineering, process technology, food safety, Six Sigma, and health and safety initiatives.

Dr. Huffman joined Maple Leaf Foods as Chief Food Safety Officer in 2009, and later assumed leadership of Six Sigma and Quality. Dr. Huffman leads the Company's Food Safety Advisory Council, a team of external experts with the mandate to increase Maple Leaf's access to global knowledge and expertise in areas of food safety, microbiology and public education.

Prior to joining Maple Leaf Foods Inc., Dr. Huffman served as President of the American Meat Institute (AMI) Foundation. Previous to his work with AMI, he held senior positions related to food safety, quality assurance and product development in the food industry.

Dr. Huffman holds a Ph.D. and Master of Science degree in Meat and Animal Science from the University of Florida, as well as a Bachelor of Science degree from Auburn University.

Dr. Huffman is an active member of the American Meat Science Association, the International Association of Food Protection and the Institute of Food Technologists.

Maple Leaf Foods is Canada's leading consumer packaged meats company, headquartered in Toronto, Ontario. The Company makes high quality, great tasting, nutritious and innovative food products under leading brands including Maple Leaf®, Maple Leaf Prime®, Maple Leaf Natural Selections®, Schneiders®, Schneiders Country Naturals® and Mina™. Maple Leaf has operations across Canada and exports to more than 20 global markets including the U.S. and Asia.
