ShowcaseE!

Have you ever wondered why some enterprises are called social? Have you asked yourself what is a social enterprise, after all? On Thursday, December 4th, you can sample 12 different entrepreneurial models that are making a difference in our community. Meet the entrepreneurs and learn how the Ivey teams are accelerating their impact in the world. Come hear stories of inspiration, obstacles, and breakthrough. Discover how socks, laundry and even T-shirts can turn lives around. Explore how restoring our connection with food or wildlife matters, how markets help communities flourish, and how crises become opportunities for innovation.
