

LAUREN E. CIPRIANO

Canada Research Chair in Healthcare Analytics, Management, and Policy
Professor, Ivey Business School
Professor, Epidemiology and Biostatistics, Schulich School of Medicine & Dentistry
Professor, Medicine, Schulich School of Medicine & Dentistry
Deputy Editor, *Medical Decision Making* and *MDM Policy & Practice*

Western University
1255 Western Road
London, Ontario, Canada
Phone: 519-661-4181
Email: LCipriano@ivey.uwo.ca
ORCID: 0000-0001-5568-4516

1. EDUCATION

- PhD – Management Science & Engineering**, Stanford University 2013
Dissertation: Optimal Information Collection for Dynamic Health Care Policy
Advisors: Margaret L. Brandeau and Thomas A. Weber
- MS – Statistics**, Stanford University 2011
- BA (Hons Business Administration)** – Ivey Business School, Western University 2005
- BSc (Hons Biochemistry)** – Schulich School of Medicine and Dentistry, Western University 2003
Thesis: Characterisation and Crystallization of the Vinculin C-terminus
Supervisor: Dr. Eric H. Ball

2. PROFESSIONAL EXPERIENCE AND ACADEMIC APPOINTMENTS

- 2013– Professor, Management Science, Ivey Business School, Western University, London, ON
Assistant Professor 2013–2019
Director, PhD program 2019–2021
Associate Professor 2019–2024
Professor 2024–current
- 2013– Professor, Department of Epidemiology and Biostatistics, Schulich School of Medicine and Dentistry, Western University, London, ON
Assistant Professor 2013–2019
Associate Professor 2019–2024
Professor 2024–current
- 2023– Professor, Department of Medicine, Schulich School of Medicine and Dentistry, Western University, London, ON
Associate Professor 2023–2024
Professor 2024–current
- 2021– Deputy Editor, *Medical Decision Making*
Deputy Editor, *MDM Policy & Practice*
- 2017– THETA Investigator, Toronto Health Economics and Technology Assessment Collaborative, University of Toronto

2023–	Research Affiliate, Center for Health Economics of Treatment Interventions for Substance Use Disorder, HCV, and HIV (CHERISH), Weill Cornell Medicine
2021–2022	Ontario COVID-19 Modelling Consensus Table, Ontario Science Advisory Table
June–Aug 2017; Feb–Aug 2016; Feb–July 2015	Visiting Researcher, Center for Primary Care and Outcomes Research and the Center for Health Policy, Stanford Medical School, Stanford, CA
Apr–May 2012	Visiting Researcher, Management of Technology and Entrepreneurship Institute (MTEI), École Polytechnique Fédérale de Lausanne (EPFL), Lausanne, Switzerland
2009	Research Assistant to Dr. Kristan Staudenmayer, Department of Surgery, Stanford Hospital, Stanford, CA
2008	Consultant, “Cost Sharing–Cost Growth” Project, with Michael Chernew, Harvard Medical School, to the Office of the Actuary, Long Term Forecasting Team, Centers for Medicare and Medicaid Services
2006–2008	Research Scientist, Institute for Technology Assessment, Massachusetts General Hospital, Boston, MA
2004–2006	Queuing Project Manager, Ontario Joint Replacement Registry, London Health Sciences Centre, London, ON

3. SCHOLARSHIPS, FELLOWSHIPS, HONORS, AND AWARDS

2021-2026	Canada Research Chair in Healthcare Analytics, Management, and Policy
2023-2024	Western University Scholar’s Academy
2021	Finalist (Top 3) INFORMS Case Competition, “Pennsylvania Dominion”
2019	Dr. Maurice McGregor Award, Canadian Agency for Drugs and Technologies in Health
2018	Seth Bonder Foundation Research Award, Institute for Operations Research and the Management Sciences (INFORMS)
2017–2020	David G. Burgoyne Faculty Fellowship, Ivey Business School
2017	Bridge Award (recognizes research that has impact beyond the traditional Social Sciences Citation Index categories of Business and Management), Ivey Business School
2016	Western University Student’s Council Teaching Honour Roll Award of Excellence
2015	Seth Bonder Foundation Research Award, Institute for Operations Research and the Management Sciences (INFORMS)
2014	Finalist (Top 3) Production and Operation Management Society (POMS) College of Healthcare Operations Management Best Paper Competition
2012	Seth Bonder Foundation Research Award, Institute for Operations Research and the Management Sciences (INFORMS)
2012	Lee B. Lusted Student Prize Award for outstanding presentations of research in Applied Health Economics, Annual Meeting of the Society for Medical Decision Making
2012	Course Assistant Award, Department of Management Science & Engineering, Stanford University
2011	Seth Bonder Scholarship for Applied Operations Research in Health Services, INFORMS
2011	Award for Outstanding Short Course, Society for Medical Decision Making Annual Meeting
2011	Centennial Teaching Assistant Award, Stanford University

- 2011 Deborah Karen Bosch Memorial Fellowship, Department of Management Science & Engineering, Stanford University
- 2008–2012 Doctoral Fellowship, Social Sciences and Humanities Research Council of Canada (SSHRC)
- 2005 Ivey Scholar (top 10% of students in both years of study), Ivey Business School
- 2004 Undergraduate Student Research Award, Natural Sciences and Engineering Research Council of Canada (NSERC)

4. RESEARCH

a. Publications in Refereed Journals

- Ghamat S, Araghi M, **Cipriano LE**, Silverman M. Influencing primary care antibiotic prescription behavior using financial incentives. *Production and Operations Management*. 2024; 33(10): 2051–2072. [DOI: <https://doi.org/10.1177/10591478241264022>]
- Xia Y, Flores Anato JL, Colijin C, Janjua NZ, Irvine M, Williamson T, Varughese MB, Li M, Osgood N, Earn DJD, Sander B, **Cipriano LE**, Murthy K, Xiu F, Godin A, Buckeridge D, Hurford A, Mishra S, Maheu-Giroux M. Canada's provincial COVID-19 pandemic modelling efforts: a review of mathematical models and their impacts on the responses. *Canadian Journal of Public Health*. 2024, July. 1-17. [DOI: <https://doi.org/10.17269/s41997-024-00910-9>]
- Rahman S, **Cipriano LE**, McDonald C, Cocco S, Hindi Z, Chakraborty D, French K, Siddiqi O, Brahmnia M, Wilson A, Yan B, Guizzetti L, Jairath V, Sey M. Propofol sedation does not improve measures of colonoscopy quality but increases cost—Findings from a large population-based cohort study. *eClinicalMedicine*. 2024;70. 102503. [doi: <https://doi.org/10.1016/j.eclinm.2024.102503>]
- Hafeez A*, **Cipriano LE**, Kim RB, Dresser G, Zaric GS, Schwarz U, Sarma S. Cost-effectiveness analysis of pharmacogenomics (PGx) based warfarin, apixaban and rivaroxaban versus standard warfarin for the management of atrial fibrillation. *Pharmacoeconomics*. 2024; 24:69-90 [DOI: <https://doi.org/10.1007/s40273-023-01309-z> ; Open access link: <https://rdcu.be/djVMF>] * MSc student

d. Invited Talks/Lectures

- Modelling COVID-19 throughout the pandemic: the influence of modelling on policy in Ontario. **Canadian Healthcare Optimization Workshop (CHOW), Canadian Operations Research Society (CORS)**. June 2, 2024.
- Modeling to inform policy making. Modeling Approaches for HTA: A Practical Hands-on Workshop – International Experts Session. **University for Health Sciences, Medical Informatics and Technology, Austria**. April 5, 2024.
- Value-based evidence-based health care. Schulich-Ivey Quality in Healthcare Consultancy Experience. **Ivey Business School and Schulich School of Medicine & Dentistry**. March 19, 2024
- Coordinating multi-payer health systems. **Canadian Center for Health Economics**. University of Toronto. March 1, 2024.
- Pricing treatments cost-effectively when they have multiple indications: not just a simple threshold analysis. **Toronto Health Economics and Technology Assessment (THETA) Collaborative Rounds**. September 22, 2023.
- Value-based evidence-based health care. Schulich-Ivey Quality in Healthcare Consultancy Experience. **Ivey Business School and Schulich School of Medicine & Dentistry**. March 22, 2023
- Community COVID-19 Update. University of Western Ontario Faculty Association Board Meeting. **University of Western Ontario**. January 16, 2023
- Adventures in COVID-19 Modelling: From Data Desert to Flood. Chartered Professional Accountant (CPA) Professional Development Conference. **Canada Life**. November 23, 2022.
- Community-based COVID19 Modelling. Modeling Approaches for HTA: A Practical Hands-on Workshop. COVID-19 Modeling – International Experts Session. **University for Health Sciences, Medical Informatics and Technology, Austria**. September 9, 2022.
- Update on COVID-19 Projections. Minister’s Briefing [Briefing to Christine Elliott, Minister of Health and Long-Term Care and Dr. Kieran Moore, Medical Officer of Health, Province of Ontario]. **Province of Ontario**. April 14, 2022.
- Modelling for economic sustainability and public health decision making. Western University Health and Research Conference. Hosted by the Friends of MSF (Doctors Without Borders) Student Club. **University of Western Ontario**. March 24, 2022.
- Value-based evidence-based health care. Schulich-Ivey Quality in Healthcare Consultancy Experience. **Ivey Business School and Schulich School of Medicine & Dentistry**. February 16, 2022
- COVID-19 projections for London-Middlesex: Fall 2021. Department of Biochemistry, Schulich School of Medicine & Dentistry, **University of Western Ontario**. September 17, 2021
- COVID-19 projections for London-Middlesex: Fall 2021. Ivey Business School, **University of Western Ontario**. September 1, 2021

- Modelling COVID-19 projections for London Ontario: Projections for Wave 4. **Modelling Consensus Table Seminar. Ontario Scientific Advisory Council.** August 11, 2021
- Updated COVID-19 projections for London Ontario: Projections for Wave 4.
 - Regional Testing Advisory Committee (RTAC). August 17, 2021
 - Council of Ontario Universities. August 17, 2021
 - Windsor Regional Hospital Leaders Forum. August 24, 2021
- Updated COVID-19 projections for London Ontario. Leadership Forum. **London Health Sciences Centre.** (Attendance between 100-150 leaders within LHSC and health system partners)
 - Modelling the Second Wave of COVID-19 (September 15, 2020)
 - Updated COVID-19 Projections for London Ontario (December 11, 2020)
 - Update on Projected COVID-19 Hospital Resource Demand: London-Middlesex (April 1, 2021)
 - Update on Projected COVID-19 Hospital Resource Demand: London-Middlesex (May 27, 2021)
 - Updated COVID-19 projections for London Ontario: Projections for Wave 4. (August 20, 2021, Children's Hospital; August 20, 2021, Adult Hospitals)
 - COVID-19 Update: Wave 5 Projections. (February 3, 2022)
 - Update on COVID-19 Projections (April 20, 2022)
- Modelling the Second Wave of COVID-19. Department of Medicine Grand Rounds. **London Health Sciences Centre.** September 17, 2020.
 - Lecture available for download at: https://www.schulich.uwo.ca/deptmedicine/about_us/medicine_rounds.html
- Predicting COVID demand to facilitate expansion of non-COVID health services. **Primary care providers of SW Ontario.** June 16, 2020.
 - Available at: <https://swcovidtools.ca/educational-supports/>
- Predicting COVID demand to facilitate expansion of non-COVID health care services. Department of Anesthesia & Perioperative Medicine Grand Rounds. **London Health Sciences Centre.** June 15, 2020.
- Predicting COVID demand to facilitate expansion of non-COVID health care services. Leadership Forum. **London Health Sciences Centre.** May 26, 2020.
- Cost-Effectiveness of Naloxone Kits in Canadian High Schools and Community Centre Settings. **Canadian Agency for Drugs and Technologies in Health (CADTH).** Ottawa, Ontario. March 5, 2020.
 - Talk attended by 302 people (50 in person and 252 online)
 - Lecture available at: <https://www.youtube.com/watch?v=-6cBLScIIv4>
 - Interviewed by CBC radio (March 5, 2020): <https://www.cbc.ca/listen/live-radio/1-92-all-in-a-day/clip/15764280-is-it-cost-effective-to-have-naloxone-kits-in-high-schools>
- Coordinating multi-payer health systems. Child Health Evaluative Sciences. **The Hospital for Sick Children (SickKids) Research Institute.** Toronto, Ontario. February 12, 2020.
- Coordinating multi-payer health systems. **Institute for Technology Assessment, Massachusetts General Hospital.** Boston, Massachusetts. December 6, 2019.
- Optimal Infectious Disease Treatment Policy with Drug Resistance. **Health Economics Research Day, Schulich School of Medicine & Dentistry, Western University.** June 17, 2019.
- Optimal infectious disease treatment policy with drug resistance. Operations and Supply Chain Management Seminar. **Haskayne School of Business, University of Calgary.** Calgary, Alberta. April 17, 2019.
- Cost-effectiveness of naloxone kits in secondary schools. **Department of Epidemiology and Biostatistics Seminar Series. Schulich School of Medicine & Dentistry.** October 26, 2018.
- Patient prioritization in disease-specific-treatment budgets. **Canadian Agency for Drugs and Technologies in Health (CADTH).** Ottawa, Ontario. June 11, 2018.

- Hepatitis C virus treatment prioritization improves population health outcomes. Information, Risk, and Operations Management Seminar Series. **McCombs School of Business, University of Texas at Austin**. Austin, Texas. January 26, 2018.
- Population health and cost-effectiveness implications of a ‘Treat All’ recommendation for HCV. Guideline Development Group Meeting, Guidelines for the Screening, Care and Treatment of Persons with Hepatitis C virus Infection. **World Health Organization (WHO)**. Geneva, Switzerland. September 20, 2017.
- Hepatitis C virus treatment prioritization improves population health outcomes. Center for Healthcare Policy and Research, Department of Public Health Sciences, **University of California Davis**. Sacramento, California. June 21, 2017.
- Hepatitis C Virus treatment prioritization improves population health outcomes. Center for Health Policy and Outcomes, **Memorial Sloan Kettering Cancer Center**. New York City, New York. November 18, 2016.
- Patient prioritization in for hepatitis C treatment. **Alberta Health**. Edmonton, Alberta. June 23, 2016.
- Evaluating patient prioritization schemes for hepatitis C treatment under budget constraints. Toronto Health Economics and Technology Assessment (THETA) Collaborative, Leslie Dan Faculty of Pharmacy, **University of Toronto**. April 22, 2016.
 - Video available: https://recordings.join.me/s3nefzHGA0aMIeevc_HMow
- Monitoring for atrial fibrillation in discharged stroke and transient ischemic attack patients: a cost-effectiveness analysis. Health Technology Expert Review Panel Meeting, **Canadian Agency for Drugs and Technologies in Health (CADTH)**. Ottawa, Ontario. February 3, 2016.
- Identifying best-fitting inputs in multitarget model calibration. Daniel J. Epstein Department of Industrial and Systems Engineering Seminar. Viterbi School of Engineering, **University of Southern California**. Los Angeles, California. January 26, 2016.
- Cost effectiveness of a supervised injection facility. Board of Directors Meeting, **London Regional HIV/AIDS Connection**. London, Ontario. October 15, 2014
- Cost effectiveness of screening strategies for early identification of HIV and HCV infection in injection drug users. Department of Biostatistics and Epidemiology seminar series. **Western University**. October 3, 2014.
- Calibration and collaboration in HTA / Case study: Magnetic resonance enterography vs. computed tomography enterography for imaging of Crohn’s disease: a cost-effectiveness analysis of reduced radiation-induced cancer risk. Health Services Research Seminar. Health Technology Assessment: Evidence for Decision Making. **Institute of Health Policy, Management, and Evaluation, University of Toronto**. March 2014.

e. Conference Presentations (*limited to those personally presented*)

1. **Cipriano LE**, Brown R, Tran C, Chang S. Cost effectiveness of novel treatments for metastatic renal cell carcinoma. Society for Medical Decision Making (SMDM) Annual Meeting. Boston MA October 27–30, 2024.
2. **Cipriano LE**, Sobotka I, Coyle D, Shah B. Population health value of being in target: Results from the Canadian Multi Morbidity Model for Diabetes. [Poster] Society for Medical Decision Making (SMDM) Annual Meeting. Pennsylvania PA October 22–25, 2023.
3. **Cipriano LE**, Enns EA, Haddara WMR. Context-specific contact matrices for community-tailored modelling of COVID-19 transmission. [Online] Institute for Operations Research and the Management Sciences (INFORMS) Healthcare conference. July 21-23, 2021

4. **Cipriano LE**, Enns EA, Haddara WMR. Context-specific contact matrices for community-tailored modelling of COVID-19 transmission. [Online] Society for Medical Decision Making (SMDM) Symposium COVID-19 Decision Models: Connecting modelers and decision makers. April 27, 2021.
5. **Cipriano LE**. Health economics applied to novel therapies. [Online] Platforms, Baskets, and Umbrellas: HTA and Novel Clinical Trial Design. CADTH Workshop: Health Technology Assessment of Novel Therapeutics. December 2, 2020.
6. **Cipriano LE**, Enns EA, Haddara WMR. Community-tailored adaptive strategies for managing the health and economic consequences of COVID-19. Society for Medical Decision Making Annual Meeting. [Online] October 6, 2020.
7. **Cipriano LE**, Haddara WMR, Zaric GS, Enns EA. Impact of university population on community COVID-19 outcomes. Canadian Agency for Drugs and Technologies in Health (CADTH) Symposium. [Online]. November 10, 2020.
8. **Cipriano LE**, Chehrazi N, Enns EA. Optimal Control of an Infectious Disease with Drug Resistance. Emerging Issues in Health Economic Methods Panel Discussion. Canadian Agency for Drugs and Technologies in Health (CADTH) Symposium. Edmonton, Alberta April 14-16, 2019.
Online webinar: <https://attendee.gotowebinar.com/register/7733139454555119373>
9. **Cipriano LE**, Chehrazi N, Enns EA. Optimal Control of an Infectious Disease with Drug Resistance. Canadian Operational Research Society (CORS). Halifax, Nova Scotia June 4–6, 2018.
10. **Cipriano LE**, Goldhaber-Fiebert JD. Patient prioritization in disease-specific treatment budgets. Canadian Agency for Drugs and Technologies in Health (CADTH) Symposium. Halifax, Nova Scotia April 15–17, 2018.
11. **Cipriano LE**, Chehrazi N, Enns EA. Optimal infectious disease treatment policy with drug resistance. Society for Medical Decision Making (SMDM) Annual Meeting. Pittsburgh, Pennsylvania October 22–25, 2017.
12. **Cipriano LE**, Chehrazi N, Enns EA. Optimal control of an infectious disease with drug resistance. Institute for Operations Research and the Management Sciences (INFORMS) Healthcare conference. Rotterdam, Netherlands. July 26–28, 2017.
13. **Cipriano LE**, Liu S, Shahzada KS, Holodniy M, Goldhaber-Fiebert JD. Hepatitis C virus treatment prioritization improves population health outcomes. Canadian Agency for Drugs and Technologies in Health (CADTH) Symposium. Ottawa, Ontario April 22–25, 2017.
14. **Cipriano LE**, Liu S, Shahzada KS, Holodniy M, Goldhaber-Fiebert JD. Evaluating prioritization schemes for hepatitis C treatment under budget constraints. Institute for Operations Research and the Management Sciences (INFORMS) Annual Meeting. Nashville, Tennessee November 13–16, 2016.
15. **Cipriano LE**, Liu S, Shahzada KS, Goldhaber-Fiebert JD. Patient prioritization in disease-specific treatment budgets: the case of chronic hepatitis C treatment. Society for Medical Decision Making (SMDM) Annual Meeting. Vancouver, British Columbia October 23–26, 2016.
16. **Cipriano LE**, Hachinski V, Sposato LA. Cost effectiveness of monitoring strategies for atrial fibrillation diagnosis after stroke. Institute for Operations Research and the Management Sciences (INFORMS) International Meeting. Waikoloa, Hawaii June 12–15, 2016.
17. **Cipriano LE**, Liu S, Weber TA, Goldhaber-Fiebert JD. Patient access for hepatitis C treatment under budget constraints. Institute for Operations Research and the Management Sciences (INFORMS) International Meeting. Waikoloa, Hawaii June 12–15, 2016.
18. **Cipriano LE**, Healey J, Akhtar O, Lee K, Sposato LA. Cost effectiveness of cardiac monitoring to detect atrial fibrillation in patients with stroke or TIA. Canadian Agency for Drugs and Technologies in Health (CADTH) Symposium. Ottawa, Ontario April 10–12, 2016.

19. Lee SAW, Sposato LA, Hachinski V, **Cipriano LE**. Cost-effectiveness of novel Alzheimer's dementia diagnostics. Society for Medical Decision Making (SMDM) Annual Meeting. St. Louis, Missouri October 18–21, 2015.
20. **Cipriano LE**, Kong CY, Enns EA. Input selection using model calibration. Institute for Operations Research and the Management Sciences (INFORMS) Healthcare. Nashville, Tennessee July 29–31, 2015.
21. **Cipriano LE**, Liu S, Weber TA, Goldhaber-Fiebert JD. Optimal information acquisition policies: application to HCV screening. International Society for Pharmacoeconomics and Outcomes Research (ISPOR) Annual Meeting. Montreal, Quebec. May 31–June 4, 2014.
22. **Cipriano LE**, Weber TA. Optimal information acquisition policies. Production and Operation Management Society (POMS) Annual Meeting. Atlanta, Georgia May 9–12, 2014.
23. **Cipriano LE**, Enns EA, Simons CT, Kong CY. Choice of best-fitting inputs in multi-target model calibration: implications for economic analysis," Institute for Operations Research and the Management Sciences (INFORMS) Annual Meeting. Minneapolis, Minnesota October 6–9, 2013.
24. **Cipriano LE**, Liu S, Weber TA, Goldhaber-Fiebert JD. Optimal information acquisition policies: application to HCV screening," Institute for Operations Research and the Management Sciences (INFORMS) Annual Meeting. Minneapolis, Minnesota October 6–9, 2013.
25. **Cipriano LE**, Weber TA. Optimal information acquisition policy in dynamic healthcare policy: application to HCV screening. Society for Medical Decision Making (SMDM) Annual Meeting. Phoenix, Arizona October 17–20, 2012.
26. **Cipriano LE**, Weber TA. Optimal health program intervention and information acquisition policy. Society for Medical Decision Making (SMDM) Annual Meeting. Phoenix, Arizona October 17–20, 2012.
27. **Cipriano LE**, Weber TA. Optimal health program intervention with information acquisition. Institute for Operations Research and the Management Sciences (INFORMS) Annual Meeting. Phoenix, Arizona October 14–17, 2012.
28. **Cipriano LE**, Weber TA. Population sampling in dynamic healthcare policy. Institute for Operations Research and the Management Sciences (INFORMS) Annual Meeting. Charlotte, North Carolina November 12–16, 2011.
29. **Cipriano LE**, Zaric GS, Owens DK, Brandeau ML. Costs and benefits of HIV and hepatitis C co-epidemic control in injection drug users. Institute for Operations Research and the Management Sciences (INFORMS) on Healthcare. Montreal, Quebec June 20–22, 2011.
30. **Cipriano LE**, Zaric GS, Owens DK, Brandeau ML. Costs and benefits of HIV and hepatitis C co-epidemic control in injection drug users. Institute for Operations Research and the Management Sciences (INFORMS) Annual Meeting. Austin, Texas November 7–10, 2010.
31. **Cipriano LE**, Zaric GS, Owens DK, Brandeau ML. Cost effectiveness of screening for acute HIV and HCV infection in injection drug users [Poster]. Society for Medical Decision Making (SMDM) Annual Meeting. Toronto, Ontario, October 24–27, 2010.
32. **Cipriano LE**, Barth WH, Zaric GS. The cost-effectiveness of targeted and universal screening for vasa previa at 18–20 weeks gestation in Ontario [Poster]. Society for Medical Decision Making (SMDM) Annual Meeting. Hollywood, California, October 17–21, 2009.
33. **Cipriano LE**, Kong CY, Lanuti M, Shepard J, Gazelle GS, McMahon PM. Evaluating the potential of radio frequency ablation for the treatment of non-small cell lung cancer. Institute for Operations Research and the Management Sciences (INFORMS) Annual Meeting, Seattle, Washington November 4–7, 2007.

34. **Cipriano LE**, Nguyen PL, Stahl JE. Evaluating pediatric access to proton therapy using discrete event simulation. Institute for Operations Research and the Management Sciences (INFORMS) Annual Meeting, Seattle, Washington November 4–7, 2007.
35. **Cipriano LE**, Chesworth BM, Anderson CK, Zaric GS. Evaluating strategies for reducing wait times for total joint replacement. Canadian Operations Research Society (CORS) Annual Meeting. London, Ontario May 14–16, 2007.
36. **Cipriano LE**, Rugar CA, Zaric GS. The cost-effectiveness of newborn screening for up to 21 inherited metabolic disorders. Canadian Operations Research Society (CORS) Annual Meeting. London, Ontario May 14–16, 2007.
37. **Cipriano LE**, Chesworth BM, Anderson CK, Zaric GS. Estimating the effect of total joint replacement wait time strategies in Ontario using simulation modeling [Poster]. Society for Medical Decision Making (SMDM) Annual Meeting, Boston, Massachusetts October 15–18, 2006.
38. **Cipriano LE**, Rugar CA, Zaric GS. A decision-analytic model evaluating the cost-effectiveness of newborn screening for up to 21 inherited metabolic disorders using tandem mass spectrometry. Society for Medical Decision Making (SMDM) Annual Meeting. Boston, Massachusetts October 15–18, 2006.
39. **Cipriano LE**, Chesworth BM, Anderson CK, Zaric GS. Strategies for reducing wait times for total joint replacement in Ontario. Canadian Association for Health Services and Policy Research (CAHSPR) Annual Meeting. Vancouver, British Columbia September 17–19, 2006.

5. RESEARCH FUNDING

Current:

- 2024-2025 **Co-investigator: Canadian Institutes for Health Research (CIHR) – Catalyst Grant: Avian Influenza One Health Research (\$150,000)** Comprehensive Evaluation of Modes of Transmission, Infection Prevention and Control Measures for influenza A(H5N1): A Component Network Meta-Analysis and a Design of an Implementation Science Approach. (PI: Bobos, University of Western Ontario)

- 2024-2027 **Co-investigator: Social Sciences and Humanities Research Council (SSHRC) – Insight Grant (\$238,549)** Adult Children's Partner Selection and their Caregiving Behavior. (PI: Choi, University of Western Ontario)
- 2022-2024 **Co-investigator: Canadian Institutes of Health Research (CIHR) Addressing the Wider Health Impacts of COVID-19 Operating Grant (#R5794A08, \$455,243).** Exploring the untold story of COVID-19: Understanding the wider and future impacts of the pandemic and finding solutions to improve population health, resiliency, and preparedness (PI: Ryan and Terry, University of Western Ontario)
- 2021-2027 **Principal investigator: Canada Research Chair (Tier 2) in Healthcare Analytics, Management, and Policy (\$100,000)**
 * One-year COVID extension
 6-month un-funded extension for family leave in 2022
- 2020–2028* **Principal investigator: Natural Sciences and Engineering Research Council of Canada (NSERC) – Discovery Grant (RGPIN-2020-06665, \$217,000).** Optimal resource allocation and technology adoption in dynamic systems.
 *One-year un-funded extension for family leave in 2022
 Two-year funded extension for NSERC review panel membership (2024-2027)
- Completed:**
- 2020-2024 **Participating investigator: Health Canada – Substance Use and Addictions Program (SUAP) (\$6,576,056).** Emergency Safer Supply Program (ESSP). Program organization: London Intercommunity Health Centre
 My role in this large clinical program expansion grant is to contribute to the program evaluation, specifically to perform a model-based analysis of the population health outcomes and cost-effectiveness of emergency safer supply compared to current policy and policy alternatives.
- 2020-2024 **Co-investigator: Canadian Institutes of Health Research (CIHR), Project Grant (#439006, \$415,350).** The Montfort Postnatal Care at Home Program: How do health outcomes, costs, patient and provider experiences compare with usual hospital-based postnatal care? (PIs: Peterson and Salvador, University of Ottawa)
- 2021-2022 **Co-investigator: Canadian Immunization Research Network (CIRN) (\$105,723).** Modelling to inform COVID-19 vaccination rollouts based on vaccine characteristics (PI: Moghadas, York University)
- 2021-2022 **Co-investigator: Canadian Institutes of Health Research (CIHR), Project Grant (#457128, \$250,000).** Supervised Consumption and COVID-19 in ON: an Evaluation (SCCONE) (PI: Bayoumi, St. Michael's Hospital and University of Toronto)
- 2020-2021 **co-Principal investigator: Society for Medical Decision Making (SMDM) COVID-19 Decision Modeling Grant (\$36,671 USD).** Community-tailored adaptive strategies for managing the health and economic consequences of COVID-19. (co-PI: Eva Enns, University of Minnesota School of Public Health)
- 2020-2021 **Principal investigator: Western University Research Catalyst Grant (\$49,945).** Dynamic epidemic modelling of COVID-19 for local and regional critical care capacity planning.
- 2014–2020* **Principal investigator: Natural Sciences and Engineering Research Council of Canada (NSERC) – Discovery Grant (RGPIN-2014-04089, \$150,000).** Decision making in dynamic systems with strategic information acquisition.
 *One-year young investigator funded extension for 2019-2020
- 2017-2020 **David G. Burgoyne Faculty Fellowship, Ivey Business School (\$15,000)**

- 2017–2019 **Co-investigator: Academic Medical Organization of Southwestern Ontario (AMOSO) – Innovation Fund (\$204,138).** Withdrawal of Aminosalicylates in Patients with Crohn’s Disease: A Pilot, Randomized, Open-Label, Non-Inferiority Trial. Lead investigator: Vipul Jairath

6. TEACHING

a. Undergraduate Courses

Ivey Business School

- Business 3316: Decision Making with Analytics (Fall 2013, 2014*, 2015, 2016*, 2017*, 2018*)
* *Course Coordinator*
Evaluations (“Overall effectiveness [as a university instructor]”):
2013: 5.4/7, 5.4/7; 2014: 5.1/7, 5.1/7; 2015+: 6.5/7, 6.5/7;
2016: 6.4/7, 6.2/7; 2017: 6.1/7, 6.7/7; 2018: 5.8/7, 5.6/7
+ University Student’s Council Teaching Honour Roll Award of Excellence
- Business 3323: Learning Through Action (2013, 2014*, 2015*, 2018*)
* Faculty section leader and event organizer

Stanford University

- E60: Engineering Economy (Summer 2012)
- MS&E 190: Methods and Models for Policy and Strategy Analysis (Spring 2011)

b. Graduate Courses

Ivey Business School

- Business 9702A (PhD): Introduction to Multivariate Mathematical Statistics and Data Analysis (Fall 2016, 2017, 2018, 2019, 2020, 2021, 2023)
- Business 9961 (MM-A): Business Statistics (Fall 2021, 2024)
- Business 9002 (MSc – Business Analytics): Business Statistics (Fall 2023, 2024)
- PhD Bootcamp: Review of algebra, calculus, probability, and an introduction to R (Summer 2017, 2018, 2019, 2020, 2021, 2023)

c. Student Supervision

Undergraduate Research Supervision

- Spencer A.W. Lee, (B.MSc., University of Western Ontario, 2015)
 - Summer 2014 project: “Cost effectiveness of Alzheimer’s novel disease diagnostics”
- Kaspar S. Shahzada (B.Eng., HBA, University of Western Ontario, expected June 2018)
 - Participated in various projects as a work-study student, then as a research assistant
 - Contributed substantially to automation of analysis and presentation of results in “Hepatitis C virus treatment prioritization improves population health outcomes”; created Alberta-specific analysis and results for a presentation to Alberta Health
- Dapo Folami (B.Sc., HBA, University of Western Ontario, June 2021)
 - Honors Computer Science Thesis project: Social contact structures influencing the COVID-19 pandemic

- Independent Study: Wrote a teaching case “Pennsylvania Dominion” using real world mortgage application data for use in teaching regularized regression in advanced analytics courses. Top 3 Finalist for the 2021 INFORMS Case Competition.
- Fawaz Mohammad (B.Sc., HBA, University of Western Ontario, June 2021)
 - Honors Computer Science Thesis project: Optimal vitamin product design for personalized health improvement
- Erica Yarmol-Matusiak (B.Sc., HBA, University of Western Ontario, June 2021)
 - Project 1: A comparison of COVID-19 epidemiological indicators in Sweden, Norway, Denmark, and Finland
 - Led to peer reviewed publication: Yarmol-Matusiak EA, Cipriano LE, Stranges S. A comparison of COVID-19 epidemiological indicators in Sweden, Norway, Denmark, and Finland. *Scandinavian Journal of Public Health*. 2021; 49(1):69-78
 - Project 2: Community contact structure networks stratified by employment sector for the purposes of a COVID-19 model with industrial structure
- Tarquin Opperman (B.A., HBA, University of Western Ontario, June 2021)
 - Project: Effects of intercommunity travel on the COVID-19 pandemic in South Western Ontario
 - Funded by a Natural Sciences and Engineering Research Council of Canada (NSERC) Undergraduate Research Award (summer 2020)
- Ian Sobotka (B.Eng., HBA, University of Western Ontario, June 2021)
 - Project: Canadian microsimulation model of diabetes
 - Funded by a Natural Sciences and Engineering Research Council of Canada (NSERC) Undergraduate Research Award (summer 2021)
- Ramon Brown (B.Sc., University of Western Ontario, June 2022)
 - Project: Health economic evaluation of novel treatment for metastatic renal cell carcinoma

Medical Student/Medical Resident Supervision

- Evan Formosa (medical student at New York Medical College)
 - Research project (started when he was an MSc student in Clinical Anatomy at Western University): “A survey of Canadian, student-run, volunteer campus medical response teams”
 - Led to peer reviewed publication: Formosa EA, Grainger LA, Roseborough AD, Sereda AM, Cipriano LE. A survey of Canadian, Student-Run Campus Emergency Medical Response Teams. *Journal of Collegiate Emergency Medical Services*. 2020;3(2): 1-9.
- Perri Deacon
 - 2nd year medical student summer project: “Effectiveness of oral hydromorphone safe supply for severe opioid use disorder”
- Lexie Grainger (nee Smith-Rubenzahl), Chief Resident, Family Medicine (PGY2)
 - Residency research project 2017/2018: “Characterizing volunteer emergency medical response on a Canadian university campus”

Graduate Student Supervision

- Khater Muhajir, PhD student, Department of Biostatistics and Epidemiology, Schulich School of Medicine, University of Western Ontario, matriculates September 2024
- Warren Lament, MSc – Business Analytics student. Ivey Business School, University of Western Ontario.
 - Summer research project: “Cost effectiveness of preventing new-onset dementia after stroke”
- Yhesaem Park, PhD student, Department of Biostatistics and Epidemiology, Schulich School of Medicine, University of Western Ontario, matriculated September 2021
 - Recipient of 204 EpiBio Research Day Judges Award for Best Graduate Student Poster (PhD)

- Roxanne Garaszczuk, MSc 2022, “Societal Preferences for Trade-offs between Cancer and Non-Cancer Health Outcomes: A Choice Experiment” Department of Biostatistics and Epidemiology, Schulich School of Medicine, University of Western Ontario. Co-supervised with Dr. Shehzad Ali.
- Hossein Reihani, MSc 2024, Ivey Business School. “Simulation model of the Montfort Postnatal Care at Home Program” Ivey Business School, University of Western Ontario. Co-supervised with Dr. Greg Zaric.
- Gregory Critchley, PhD 2020. “Optimal Pricing and Treatment Policies in Health Care” Ivey Business School, University of Western Ontario (co-supervised with Dr. Greg Zaric)
 - Recipient of SSHRC Doctoral Award 2019-2020
- Joshua Cerasuolo, PhD student in the Department of Biostatistics and Epidemiology, Schulich School of Medicine, University of Western Ontario, matriculated September 2015. Co-supervised with Drs. Vladimir Hachinski and Neil Klar. Withdrew Spring 2017. Currently a Research Associate at ICES McMaster.

Graduate Student Supervisory Committees

- Olajumoke (Marissa) Ologundudu, MSc 2021. “Risk Stratification for Treatment Decisions in People at Ultra-High Risk for Psychosis: A Cost-Effectiveness Analysis” Department of Epidemiology and Biostatistics, Schulich School of Medicine & Dentistry, University of Western Ontario (Supervised by Drs. Shehzad Ali & Kelly Anderson)
- Hongmei Sun (PhD 2020). “Optimal Policies on Managing Drug Supply and Patient Access to Drugs” Ivey Business School (Management Science), University of Western Ontario (Supervised by Dr. Greg Zaric)
- Andrew Sarta (PhD 2021). “Refining Adaptation and Its Onset: Signals of Financial Innovation that Trigger Strategic Attention in Financial Services” Ivey Business School (Strategy), University of Western Ontario (Supervised by Dr. Jean-Philippe Verge)
- Erin Brintnell, MSc (expected 2023). “Estimation of SARS-CoV-2 infection and migration rates using phylogenetic summary statistics” Department of Pathology and Laboratory Medicine, Schulich School of Medicine & Dentistry, University of Western Ontario (Supervised by Dr. Art Poon)

d. Post-Doctoral Fellows

- Farzaneh Daneshzand
 - Project title: Community-tailored adaptive strategies for managing the health and economic consequences of COVID-19
- Hosein Zare
 - Project title: Optimal control of infectious diseases with information collection
- Sepher Nemati
 - Project title: Optimal diagnostic sequences for evaluating post-stroke atrial fibrillation
- Estefania Ruiz Vargas
 - Project title: Anticoagulation therapy for atrial fibrillation in patients with dementia: a cost effectiveness analysis
 - Project title: Development of an empirically-calibrated microsimulation model of Crohn’s disease

e. Graduate Examination Committees

- Reza Mahjoub, Ph.D. in Business, University of Western Ontario, 2014
- Stephanie A. Simpson, M.Sc. in Health Information Science, University of Western Ontario, 2016
- Salar Ghamat, Ph.D. in Business, University of Western Ontario, 2017
- Felipe Rodrigues, Ph.D. in Business, University of Western Ontario, 2018

- Aneeka Hafeez, MSc in Epidemiology and Biostatistics, University of Western Ontario, 2020.
- John Taplin, MSc in Community Health Sciences, University of Calgary, 2021
- Benson Law, MSc in Health and Rehabilitation Sciences, University of Western Ontario, 2023
- Michal Bak, PhD in Developmental Psychology, University of Western Ontario, 2023
- Linke Li, PhD in Health Economics, University of Toronto, 2024

f. Guest Lectures

- AI and our brave new world. [Panel discussion] Academic Leader's Summer Conference. **Western University**. June 6, 2024.
- Introduction to Decision Analysis and Health Economics. The Bone and Joint Institute. Dr. Sandy Kirkley Centre for Musculoskeletal Research. **Western University**. March 6, 2024.
- Modelling COVID-19 throughout the pandemic. Masters in Public Health. Schulich School of Medicine and Dentistry. **Western University**. January 25, 2024
- Modelling COVID-19 throughout the pandemic. EPI4310A Public Health. Department of Epidemiology and Biostatistics. Schulich School of Medicine and Dentistry. **Western University**. September 18, 2023
- Introduction to Decision Analysis and Health Economics. The Bone and Joint Institute. Dr. Sandy Kirkley Centre for Musculoskeletal Research. **Western University**. March 22, 2023.
- Modelling COVID-19 throughout the pandemic. Masters in Public Health. Schulich School of Medicine and Dentistry. **Western University**. January 24, 2023
- Mathematical modelling of infectious disease for policy analysis. Department of Epidemiology and Biostatistics. Schulich School of Medicine and Dentistry. **Western University**. February 2, 2022
- Modelling COVID-19 throughout the pandemic. Masters in Public Health. Schulich School of Medicine and Dentistry. **Western University**. January 25, 2022
- Analytical approaches to investment decision making: Decision Trees. Western Medical Innovation Fellowship Program. WorldDiscoveries. **Western University**. August 19, 2021
- Introduction to Decision Analysis. MEDSCIEN 9700 Interdisciplinary Skill Development. Schulich School of Medicine and Dentistry. **Western University**. July 9, 2021.
- Mathematical modelling of infectious disease for policy analysis. Schulich Applied Computing in Medicine Club Hack-a-thon. **Western University**. March 27, 2021
- Mathematical modelling of infectious disease for policy analysis. Schulich Public Health in Medicine Club. **Western University**. March 2, 2021
- Mathematical modelling of infectious disease for policy analysis. Department of Epidemiology and Biostatistics. Schulich School of Medicine and Dentistry. **Western University**. February 3, 2021
- Mathematical modelling of infectious disease for policy analysis. Schulich School of Medicine and Dentistry. **Western University**. December 9, 2020
- Dynamic epidemic modelling for community response and hospital capacity planning. Ivey Business School.
 - Business 4511: Special Topics in Management Science (HBA2), July 29, 2020
 - Business 9914: Managing in a COVID 19 World (MSc Program), September 29, 2020
- Analytical approaches to investment decision making: Decision Trees. Western Medical Innovation Fellowship Program. WorldDiscoveries. **Western University**. February 26, 2020

- Competing with analytics. Master of Management of Applied Science. Faculty of Science. **Western University**. March 2, 2018; February 11, 2019; March 9, 2020; January 25, 2021.
- Presenting technical material. Business 9006: Business Communications. MSc, Business Analytics. **Ivey Business School**. Spring 2018
- Estimating costs for a US-based cost effectiveness analysis. Health Research and Policy 263: Advanced Decision Science Methods and Modeling in Health. **Stanford University**. Spring 2011, 2012, 2013, 2015
- Cost effectiveness of a supervised injection facility. Schulich Interfaculty Program in Public Health Integrative Workshop on Supervised Injection Sites. **Western University**. Winter 2014
- Uncertainty, probabilistic sensitivity analysis, and value of information. Business 9882: Health Care Management Science. **Ivey Business School**. Winter 2014

g. Conference Short Courses

Society for Medical Decision Making - Annual Meeting Short Course Co-instructor

- Microsoft Excel: Basic Skills for Efficiency and Modeling (2007, 2010)
- Microsoft Excel: Advanced Skills for Efficiency and Modeling (2009, 2010)
- Deterministic Decision Analytic Models in Microsoft Excel (2011)
- Probabilistic Decision Analytic Models in Microsoft Excel (2011, 2014)

h. Published Teaching Materials

1. **Cipriano LE** (with D Folami and M Atkins). Todd's Opportunity. In preparation for peer review.
2. **Cipriano LE** (with D Folami and M Atkins). Pennsylvania Dominion. In preparation for peer review. Runner up in the 2021 INFORMS Case Competition. Written by undergraduate student (Dapo Folami) for course credit. In preparation for peer review.
3. **Cipriano LE** (with K Maclean, T Bayley, GS Zaric, J Lyons). An Introduction to Microsoft Excel (Digital Learning Experience). Ivey Publishing. 2023 February. Product number: W33317.
4. **Cipriano LE** (with K Maclean, T Bayley, GS Zaric, J Lyons). Advanced Features of Microsoft Excel (Digital Learning Experience). Ivey Publishing. 2023 February. Product number: W33318.
5. **Cipriano LE** (with V Tiwari, WS Sandberg, GS Zaric). Vanderbilt University Medical Center: Elective Surgery Schedule. Ivey Publishing. 2015 May. Product number: 9B15E011. (with Teaching Note Product number: 7B15E011)
6. **Cipriano LE** (with GS Zaric). Introduction to Microsoft Excel. Ivey Publishing. 2016 June. Product number: 9B16E009.
7. **Cipriano LE** (with K Maclean and GS Zaric). Basic Mathematical Operations in Microsoft Excel. Ivey Publishing. 2016 June. Product number: 9B16E010. (with Excel Supplement Product number: 7B16E010)
8. **Cipriano LE** (with K Maclean and GS Zaric). Absolute and Relative References in Microsoft Excel. Ivey Publishing. 2016 June. Product number 9B16E011. (with Excel Supplement Product number: 7B16E011)
9. **Cipriano LE** (with K Maclean and GS Zaric). Good Modelling Practices in Microsoft Excel. Ivey Publishing. 2016 June. Product number: 9B16E012
10. **Cipriano LE** (with K Maclean, J Lyons and GS Zaric). Introduction to Logic Functions in Microsoft Excel. Ivey Publishing. 2016 June. Product number: 9B16E013. (with Excel Supplement Product number: 7B16E013)

11. **Cipriano LE** (with K Maclean, J Lyons and GS Zaric). Advanced Logic Functions in Microsoft Excel. Ivey Publishing. 2016 June. Product number: 9B16E016. (with Excel Supplement Product number: 7B16E016)
12. **Cipriano LE** (with K Maclean and GS Zaric). Descriptive statistics in Microsoft Excel. Ivey Publishing. 2016 June. Product number: 9B16E014. (with Excel Supplement Product number: 7B16E014)
13. **Cipriano LE** (with K Maclean and GS Zaric). Histograms and the Normal Distribution in Microsoft Excel. Ivey Publishing. 2016 June. Product number: 9B16E015. (with Excel Supplement Product number: 7B16E015)
14. **Cipriano LE** (with K Maclean and GS Zaric). Data Tables in Microsoft Excel. Ivey Publishing. 2016 June. Product number: 9B16E017. (with Excel Supplement Product number: 7B16E017)
15. **Cipriano LE** (with K Maclean and GS Zaric). Goal Seek in Microsoft Excel. Ivey Publishing. 2016 June. Product number: 9B16E018. (with Excel Supplement Product number: 7B16E018)

7. OTHER SCHOLARLY AND PROFESSIONAL ACTIVITIES

a. Invited Participation

- Member, **Ontario Genetic Advisory Committee**, Ontario Health Technology Advisory Committee. July 2024 – current
 - OGAC is a subcommittee of the Ontario Health Technology Advisory Committee. OGAC considers evidence that systematically appraises genetic tests and other genetic technologies in a scientifically sound and objective manner. Such evidence includes the therapeutic advantages and disadvantages of a genetic test; its cost-effectiveness; societal, ethical, and patient perspectives; and implications for health system resources. OACG recommendations on the provision of access and funding are reviewed by the Ontario Health Technology Advisory Committee and Ontario Health management before being finalized.
- Member, Modelling Consensus Table, **Ontario COVID-19 Science Advisory Table**. August 2021 – September 2022
 - Modelling consensus table is a working group of Science Advisory Table focused on the methods, contribution of, and collective interpretation of model-based projections of the COVID-19 pandemic in Ontario with the purpose of providing information to government decision makers and the public. MCT and ST each meet weekly, at minimum. As part of my participation in these groups, I converted my London-Middlesex specific model to an Ontario-wide model contributing Ontario specific projections no less than every three weeks, and more frequently during times of high COVID-19 activity in the community and hospitals.
- Member, Health Economics Advisory Council, **Canadian Agency for Drugs and Technologies in Health (CADTH)**. May 2019 – June 2023
 - CADTH is an independent, not-for-profit organization responsible for providing Canada's health care decision-makers with objective evidence to help make informed decisions about the optimal use of drugs and medical devices in our health care system. This committee reviews and makes recommendations about difficult methodologic challenges in technology evaluations.
- Member, **Canadian Foundation for Healthcare Improvement**, Return on Investment Working Group, 2018–2019.
 - CFHI is a Government of Canada funded not-for-profit dedicated to accelerating healthcare improvement. The objectives of the Working Group are to improve CFHI processes for identifying healthcare innovations on which to focus efforts, how healthcare ROI should be calculated and reported, and in transparent communications about healthcare ROI in Canada

- Evidence review team, Guideline Developing Group focusing on Guidelines for the Screening, Care and Treatment of Persons with Hepatitis C virus Infection. **World Health Organization (WHO)**. Geneva, Switzerland. September 20–21, 2017.
 - Presented results from a systematic review of the model-based evidence regarding the population health and cost-effectiveness implications of a “treat all” recommendation for HCV
 - Participated in a two-day guidelines development meeting in an effort to combine evidence and analysis from multiple groups and from multiple perspectives
- Invited participant, Edmonton Health Economics Workshop, Faculty of Medicine and Dentistry, **University of Alberta**. Edmonton, Alberta. June 24, 2016.
 - Submitted paper for discussion and provided critical review and discussion for other work in progress papers for early-career Health Economists in Canada
- External health economist, Health Technology Expert Review Panel Meeting, **Canadian Agency for Drugs and Technologies in Health (CADTH)**. Ottawa, Ontario. February 3, 2016.
 - Presented results from an analysis I performed for the committee to consider as part of their guideline development process regarding the monitoring for atrial fibrillation in discharged stroke and transient ischemic attack patients
 - Participated in a one-day guidelines development meeting in an effort to combine evidence and analysis from multiple groups and from multiple perspectives

b. Editorial Work

- Deputy Editor, Medical Decision Making, 2019–present (Editorial board, 2014–2019; Associate Editor, 2019–2020)
- Deputy Editor, Medical Decision Making: Policy and Practice, 2019–Present (Editorial board, 2015–2019; Associate Editor, 2019–2020)
- Academic Editor, PLOS ONE, 2018–2020
- Reviewer, Guidelines for Economic Evaluation of Vaccines: Canada. National Advisory Committee on Immunization (NACI), 2021
- Reviewer, Guidelines for the Economic Evaluation of Health Technologies: Canada, Canadian Agency for Drugs and Technologies in Health (CADTH), 2016
- Ad-hoc reviewer for Operations Research, Management Science, Manufacturing & Service Operations Management, CMAJ: Canadian Medical Association Journal, Annals of Internal Medicine, Medical Decision Making, Journal of General Internal Medicine, Medical Care, Value in Health, Addiction, PLOS Medicine, PLOS ONE, Health Care Management Science, Production and Operations Management, BMC Health Services Research, INFORMS Transactions on Education, Current HIV Research, Socio-Economic Planning Sciences, Alzheimer’s Research & Therapy, Lancet Regional Health – Americas, JAMA Pediatrics

c. Conference Organization

- Chair, Bonder Scholarship Committee 2023
- “What about non-COVID infections?” Society for Medical Decision Making Annual Meeting session chair. Wednesday, October 20, 2021.
- MB14 – Disease Modeling for Health Policy Decision Making. Institute for Operations Research and the Management Sciences (INFORMS) International Meeting, June 12–15, 2016
- Tuesday AM1 – Disease Modeling. Institute for Operations Research and the Management Sciences (INFORMS) Healthcare Meeting, June 20–22, 2011

d. Abstract Review

- Scientific Review, Society for Medical Decision Making Annual Meeting, (2012–2021)
- Scientific Review, Society for Medical Decision Making Biennial European Conference (2016)

e. Funding Agencies

- Natural Sciences and Engineering Research Council of Canada. Evaluation Group EG 1509. (2024-2027)
- Canadian Cancer Society, Data Transformation Grants (Spring 2024)
- Natural Sciences and Engineering Research Council of Canada, Project Scheme, ad hoc reviewer (Winter 2018, Winter 2019, Winter 2022)
- Canadian Institutes of Health Research, Project Scheme, Competition Panel Reviewer (Winter 2017, Spring 2023)
- Research Grants Council (RGC) of Hong Kong, ad hoc reviewer (Winter 2019)
- Mitacs Accelerate, ad hoc reviewer (Winter 2019)

f. Other

- Society for Medical Decision Making One-on-one mentoring.
 - Two mentees, 2024
- Lee B. Lusted Award (for student research) judge, Society for Medical Decision Making Annual Meeting (2014 – 2021)
- Trustee (elected), Society for Medical Decision Making, 2014 – 2017
- Case competition judge, Western Policy Pitch, March 28, 2021.

8. UNIVERSITY ADMINISTRATIVE DUTIES**a. Disciplinary Area / Faculty (Ivey Business School)**

- MSc Pre-Ivey Preparatory Program Leader (2024)
 - Program developed and introduced in 2024 with asynchronous and synchronous components
- Director, PhD Program (2019–2021)
- Research Policy Committee member, Ivey Business School (elected, 2018–2019; as PhD Director 2019–2021)
- Ivey Nominating Committee (member, 2020–2022; Chair, 2021-2022)
- HBA1 Section Head (Faculty lead for a section of 76 students) (2014/2015, 2015/2016, 2018/2019)
- Business 3316 Decision Making with Analytics Faculty Course Coordinator (2014, 2016, 2017, 2018)
- HBA Pre-Ivey Preparatory Program Coordinator (2014, 2015*, 2016*, 2017, 2018, 2019)
 - * In 2015 and 2016, I led a re-design of the program and development of teaching materials

b. University

- Responsible conduct of research investigation committee member, Reporting to the Office of the Vice-President of Research (2023)
- Vice-Provost (School of Graduate and Post-graduate Studies) Search Committee (elected, 2021/2022)
- University Senate (2019-2021)
- Graduate Affairs Committee member, Department of Epidemiology and Biostatistics, Schulich School of Medicine and Dentistry (2016– current)
- Graduate Education Council member, School of Graduate and Postdoctoral Studies (2019–2021)
- Graduate Education Council Policy Subcommittee, School of Graduate and Postdoctoral Studies (2019–2021)

9. COMMUNITY SERVICE

- 2013– Faculty advisor, Student Emergency Response Team, Western University
- Red Cross Emergency Medical Responder Certification (2018-2021, 2021-2024)
 - Red Cross First Aid and CPR/AED Instructor Certification (2018-2021)
 - Red Cross Professional Responder Instructor Certification (2018-2021, 2021-2024)
 - In 2018, the student-led Executive honored my service and commitment to the mentoring team members by naming an annual student award the ‘Dr. Lauren Cipriano Mentorship Award’
- 1999–2005 Responder, Student Emergency Response Team, Western University
- 2005, Dr. Tom Macfarlane Heart of Gold Award for Excellence in Team Development
 - 2003, Dr. Tom Macfarlane Heart of Gold Award for Excellence in Education
 - 2002, Dr. Tom Macfarlane Heart of Gold Award for Excellence in Education
 - 2000, Rookie-of-the-year
